01

OVERVIEW

Initiate Government Solutions, LLC (IGS) is a Woman-Owned Small Business headquartered in North Palm Beach, Florida. IGS holds NASA SEWP VI contract 80TECH26D0724 in Category C — ITC/AV Mission-Based Services.

Solutions for Enterprise-Wide Procurement (SEWP) VI is a multi-award Government-Wide Acquisition Contract (GWAC) administered by the NASA SEWP Program Management Office (PMO), providing Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services to Federal agencies. It is awarded in three scope categories: A — ITC/AV Solutions; B — Enterprise-Wide ITC/AV Service Solutions; and C — Mission-Based ITC/AV Service Solutions.

Category C provides Federal agencies with customized solutions at a mission and program level that improve and enhance an ITC/AV infrastructure. All ITC/AV services that meet the definition and provide a mission-based solution are within scope, including custom computer programming services, telecommunication services including network operations, and ITC/AV based engineering services. Ancillary products are limited to supporting a mission-based services requirement.

No single SEWP VI contract has exclusive rights to any given technology or service, and ordering agencies are not confined in their choice of contracts. Fair opportunity, including sole source determinations, is made by the ordering agency in accordance with FAR 16.505.

Contract Number	80TECH26D0724

02

HOW TO OBTAIN A QUOTE

Government customers submit Requests for Information (RFI), Market Research Requests (MRR), and Requests for Quote (RFQ) for hardware, software, or services through the NASA SEWP Quote Request Tool (QRT) at sewp.nasa.gov.

Quotes for Category C requirements issued to IGS are returned through the SEWP QRT process, as outlined in Attachment C: Contract Holder User Manual (CHUM). Each quote states the length of time it is valid, and IGS honors any order submitted within that period.

Questions regarding a quote, capabilities, or an active requirement may be directed to IGS SEWP VI Order Support, 866-771-8931, SEWP@initiatesolutions.com. Customers unfamiliar with the SEWP program may contact the SEWP PMO at help@sewp.nasa.gov for guidance and training.

03

POST-DELIVERY SUPPORT

Policy for each post-delivery support area is below; the requirements that apply to a given order are defined in that order. Direct post-delivery requests to IGS SEWP VI Order Support, 866-771-8931, SEWP@initiatesolutions.com.

Installation	Installation and transition activities are performed as specified in the delivery or task order.
Basic Warranty	Services are warranted under the terms of the SEWP VI contract and the individual order. Ancillary products carry the manufacturer's standard commercial warranty.
Extended Warranty	Extended coverage on ancillary products is available where offered by the manufacturer and is quoted at the order level.
Technical Support	Technical support for delivered services and ancillary products is provided as specified in the order.
Software Support	Support for delivered software, including licensing, updates, and publisher coordination, is provided as specified in the order.

04

ORDER TROUBLESHOOTING

Contact IGS SEWP VI Order Support, 866-771-8931, SEWP@initiatesolutions.com, with the SEWP order number, the delivery order number, and a description of the issue.

Unresolved issues are escalated to the IGS SEWP VI Program Manager, listed in Section 05. The NASA SEWP PMO also provides front-line order support, including problem determination, escalation, and resolution, at help@sewp.nasa.gov.

05

PROGRAM OFFICE AND CONTACTS

The IGS SEWP Program Office facilitates communications, electronic reports, order processing and troubleshooting, customer support services, and contract modifications. The Program Manager serves as the main point of contact between IGS and the SEWP PMO.
